Some people want to avoid gluten—which is found in grains like wheat, barley and rye. People with celiac disease may become ill if they eat gluten.

**How can customers be sure the cookie is gluten-free?**  
Show them the NSF logo. That means an outside organization has verified the cookie meets federal standards for labeling a product "gluten-free."

**Will people NOT on gluten-free diets like this cookie?**  
Absolutely! Tobbee-tastic Girl Scout Cookies has fantastic flavor for everyone!

**How do Tobbee-tastic Girl Scout Cookies taste?**
